

Emily Lorenz, PE, F-ACI, is an independent consultant in the areas of LCA, EPDs, PCRs, green building, and sustainability. She serves as an engineer in the areas of green structures and practices, energy efficiency, thermal properties, and moisture mitigation. Lorenz also specializes in building code and standards work and advocacy, currently representing the International Institute of Building Enclosure Consultants as its senior director of technical services. Lorenz actively participates as vice-chair of the Envelope Subcommittee developing the commercial provisions of the 2024 *International Energy Conservation Code* (IECC), and as a voting member of several committees including the 2024 IECC Commercial Committee, the Envelope Subcommittee of ASHRAE 90.1, the ASTM International Committee E60 on Sustainability, and the American Concrete Institute's building code subcommittee on sustainability. She also serves as an expert to ISO TC59\SC17\WG3 Environmental Declarations of Products.
